

Complete the glossary words in advance of the online session on 1st November 2017.

Key Area 1: Structure of DNA	
Antiparallel	
DNA	
Chromosome	
Nucleotide	
Protein	

Key Area 2: Replication of DNA	
DNA polymerase	
Lagging strand	
Lead strand	
Ligase	
PCR	
Primer	
Template strand	

Key Area 3: Control of gene expression	
Anticodon	
Codon	
Exon	
Intron	
mRNA	
rRNA	
tRNA	
Post translational modification	
Primary Transcript	
RNA polymerase	
RNA splicing
