

## Respiration and Ante/Post-natal screening

Complete the glossary words and questions in advance of the online session on 2nd May 2018.

<b>Key Area 7: Metabolic pathways and their control</b>	
Alternative Respiratory substrate	
ATP synthase	
Citric acid cycle	
Dehydrogenase	
Electron Transport chain	
FAD	
NAD	
Fermentation	
Glycolysis	
Phosphorylation	
PFK- phosphofructokinase	

<b>Key Area 4: Genetic Control of metabolism</b>	
Allele	
Amniocentesis	
Anomaly scan	
CVS- chorionic villus sampling	
Incomplete dominance	
Rhesus antibody testing	
Ultrasound scanning	
Sex-linked recessive
