

Online learning for Scotland

Professional Learning Webinars: August - December 2023

Scholar is delighted to offer the following programme of free professional learning webinars for secondary practitioners across Scotland. Each webinar will focus on how teachers can make the most of Scholar's online courses, resources and reports to support, enhance and inform learning and teaching.

This year we will continue to run our popular [subject-specific webinars](#) and will also run sessions to support [Curriculum Principal Teachers/Faculty Heads](#), [NQTs](#) and [Scholar School Contacts](#).

Please register for your chosen session using the link provided to ensure a place. You will receive an email before the session with a link to join the MS Teams-hosted webinar.
