

Online learning for Scotland

Professional Learning Webinars: January - May 2024

Scholar is delighted to offer the following programme of free professional learning webinars for secondary practitioners across Scotland. Each webinar will focus on how teachers can make the most of Scholar's online courses, resources and reports to support, enhance and inform learning and teaching.

We are continuing to run our popular subject-specific webinars and are also running sessions to support Curriculum Principal Teachers/Faculty Heads, and new Scholar School Contacts.

Please register for your chosen session using the link provided to ensure a place. You will receive an email before the session with details of how to join the MS Teams-hosted webinar.
